- Luiz Davidovich, Brazilian Academy of Science (tbc)
- Paulo Gadelha on behalf of the 10 Members Group

9h45 – Launch of the Fiocruz Strategy for 2030 Agenda

10h20 - First Conference

Sustainable development: Transformative concept for a challenging world

- Nísia Trindade Lima, President of Fiocruz

11h - Coffee break

11h15 – First Panel

Mainstreaming STI on the Era of Sustainable Development:

Chair and Rapporteur: William Colglazier, American Association for the Advancement of Science (AAAS)

Key questions:

- What are the strong points and progress derived from the UN TFM mechanism, and what is lacking to make it more effective?
- Considering the interactions of SDGs, which policies and implementation mechanisms should be prioritized in overcoming the divide on health and innovation?
- How to potentialize health as a monitoring reference of 2030 Agenda and its SDGs?

Presentations:

- *The role of STI in the context of the HLPF and ECOSOC on the implementation of the 2030 Agenda and its SDGs*
 - o Shantanu Mukherjee, UN DESA

- *The importance of STI in the health sector to facilitate the implementation of the 2030 Agenda and the health-related SDGs*
 - o Paulo Gadelha, Coordinator Fiocruz Strategy for 2030 Agenda
- *Implementation of 2030 Agenda and its ODS in Latin America: Think Tanks and academic institutions' contribution*
 - o Alex Alarcon, Universidad del Chile
 - o Cristiane Quental, Fiocruz

13h - Lunch

14h – Second Conference

2030 Agenda and its Sustainable Development Goals as new Opportunity for the advancement of Health

Laís Abramo, CEPAL

15h – Second Panel

Experiences on Online Platforms for Technology Facilitation:

Chair and Rapporteur: Claudio Ribeiro, Brazilian President's Office (tbc)

This session will present a stocktaking of best practices and lessons learned from existing relevant online platforms on STI and Health. The session will discuss options for the establishment of an online knowledge hub and information-sharing platform on STI and Health as part of the Online Platform under the TFM.

Key questions:

- What are the specific features of health innovation that should take into consideration in building a STI/Health Platform?
- Which should be the best strategy in developing a road map for assuring the connection of the STI/Health Platform with the building process of the Online Platform for TFM and credibility among potential users?
- How to engage the governance of health and STI at global and national levels in the building and animation of this platform?

Presentations:

- Jorge Martinez-Navarrete, OICT, United Nations, Independent technical assessment for development of TFM's online platform
- Wagner de Jesus Martins, Ágora Project Coordinator and Management Coordinator on Fiocruz Brasília
- Marcia Chame, Institutional Platform on Biodiversity and Wild Health, Fiocruz
- Cláudio Muniz Machado, SUS Monitoring and Evaluation Department – Brazil's Health Ministry

Plenary Discussion

16h30 - Wrap-up

18h– Cocktail and Finger Food
